Graded scratch races at the Loop, Yarra Boulevard, again fell foul of the weather gods and were cancelled last Saturday. As Nigel Kimber pointed out in an email during the week, the club's duty of care to members makes a call of this kind necessary from time to time for safety's sake. Results from Tuesday night at METEC and Wednesday morning at the Loop are inside.

This Saturday we try out another new criterium circuit, on Enterprise Drive, Rowville. Please note that grades will be split, with B, D and F Grades starting at 2 pm and A, C and E starting at 3 pm.

You'll find Enterprise Drive at Melway map 72, ref. J11 – or have a word with your little electronic friend. Registration and parking will be in Emmeline Row, just off Stud Road, near the Stamford Park Men's Shed.

*In the event of inclement weather, administer coffee. Riders take shelter and sustenance at Studley Park Boathouse after last Saturday's washout.*

### Below the Belt Pedalthon

Over the page is a flyer for a ride at Sandown on 18 March for teams and individuals. It is to raise funds for drug trials for the 'less glamorous', but only too common, cancers. Many of our members have had, do have or, unfortunately, will get a cancer such as prostate cancer. Some will find a cure if it is diagnosed early enough. For some there is no cure, and current treatments are old technology that can only delay the inevitable. As we live longer and, as cyclists, have a high level of fitness, there is less likelihood of premature death through heart disease, diabetes, obesity etc. so prostate cancer will mean a painful later life. We need the drugs to prevent this from being our situation.

Neil Cartledge is trying to form one or more four-man teams – contact Neil if you're interested; individuals may want to enter the crit.

### Track bike for sale

- DEVER 3R TRACK BIKE \$1200

### Eastern Vets

For other events, please refer to page 1 of this newsletter, or go to <http://easternvets.com/roster/>.

Note: Graded Scratch Race entries are accepted on the day up to 15 minutes before the advertised race start time. Handicap entries close the Tuesday or Wednesday before the race, as advertised. Riders who enter a handicap *must* pay the entry fee regardless of whether they participate. Fees are due on race day; entrants will *not* be allowed to start in any EVCC race until fees have been paid. No late entries will be accepted for either scratch races or handicaps. Entries to handicaps can be submitted to the handicapper via email or TeamApp, or on any race day before the event.

RIDE WITH US  
IN MELBOURNE

SANDOWN  
RACECOURSE  
SUNDAY  
18 MARCH  
2018

## Join us in the ride to defeat testicular, prostate, bladder and kidney cancers!

Following on from the success of Sydney's Below the Belt Pedalthon, ANZUP Cancer Trials Group is delighted to launch the Below the Belt Pedalthon in Melbourne on Sunday 18 March at Sandown Racecourse.

Whether you are an avid cyclist, new to the sport or just looking for a challenge, we invite you to ride to help those living with urogenital cancers and to improve outcomes for the next generation.

Ride as many laps as you can in 3 hours (open race) or 1 hour (family challenge) on Melbourne's iconic Sandown Racecourse. The day also includes the short course competition, best dressed, post ride lunch, awards presentation and great entertainment. A fun day out for all!

The Pedalthon was founded to promote awareness of these common but 'less glamorous' cancers and to provide ANZUP with critical funds needed to improve the lives of so many.

Every cent raised by the Pedalthon goes directly towards clinical trials research, which means straight into the hands of experts committed to treating testicular, kidney, bladder and prostate cancer better.

We can defeat these cancers – but only with your support!

### How are you helping?

All funds raised will benefit ANZUP Cancer Trials Group in their efforts to improve treatments and outcomes for those affected by urogenital cancers.

It can be challenging to obtain initial funding to move a concept through to being a viable clinical trial. That is why the Below the Belt Research Fund has been established: to move new ideas into the next evolutionary phase and ultimately completion.

Fundraising efforts from the Sydney Pedalthon has provided 10 medical researchers' funds for their successful projects. These projects are crucial to improve treatments and outcomes for those living with these cancers.

We need your help to fund more trials.

With thanks to our venue partner MRC Foundation

Through your support, the Pedalthon aspires to change how we view, act, respond, and treat below the belt – testicular, prostate, kidney and bladder – cancers.

Every dollar raised will help ANZUP improve the treatment and outcomes of those affected by these cancers.
